THIS MATTER is before the Court upon Defendant's Motion to Reduce Sentence. Defendant states, and the Government does not contest, that Amendment 505 to the United States Sentencing Guidelines applies retroactively, and would result in a lower sentence for the Defendant if applied to him. As it appears that Defendant is entitled to such a reduction pursuant to Amendment 505 and 18 U.S.C. § 3582(c)(2), and as the factors in 18 U.S.C. § 3553(a), particularly § 3553(a)(6), warning against unwarranted disparity between defendants similarly situated, support such a reduction, this motion is hereby **GRANTED**. The United States Probation Office for the Western District of North Carolina is hereby directed to prepare a new Pre-Sentencing Report, and Defendant will be scheduled for re-sentencing once this report has been completed.
